

Digital Photo Organization

Peace of Mind

Peace of Mind Package

PC or Mac users

Up to 40,000 photos

Have you simply gotten behind or are you overwhelmed with the volume of digital photos that you are accumulating and worry about not having them backed up safely? We have the solution!

- We gather all of your digital photos in to one place (external hard drive) from all devices (phones, computers, sd cards, tablets, etc..)
- You keep the external as your primary backup
- We make recommendations on programs to be used for viewing and storing photos based on your current computer equipment
- We suggest a Cloud backup solution and assist with set-up (*cost of Cloud service not included*)

<Please note that duplicates are not removed and photos are not organized or renamed by year or event>

Add-ons:

Duplicate removal: \$450 for every 10,000 photos

Organization by year: \$250 for every 10,000 photos*

*(*based on available metadata only)*

Starting at

\$550
